

Team Build

An organisation needs a Superintendent. Elect yourself or send them an email invite.

Once Elected or invited, Elect yourself to work in the location and you are all done!

The hubnet.io logo is at the top. Below it, a diagram shows a laptop, a tablet, and a smartphone. A central circle says "Getting started...". To its right are two circles: "Your New Services" and "Making it a Success". Further right are two more circles: "Future Developments" and "voyager".

A large circle on the left contains the text "Your New Services" and a paragraph. To the right are three smaller yellow circles with text: "Strep Throat", "Online Doctor", and "Oral PGDs".

Your New Services

Patients will need to pay for these services initially, the aim in the long run is for them to become NHS commissioned.

Strep Throat

Online Doctor

Oral PGDs

A circular inset image shows a person's mouth with a tongue depressor. The background is yellow.

Strep Throat

This is accessible to you online via the hubnet.io. Click access training, read the resources and take the exam when you feel ready.

Online Doctor

Easy to set up, there is a detailed set by step guide in your handout.

This service works well in parallel with other services such as Erectile Dysfunction or Malaria.

Oral PGDs

1. Erectile Dysfunction (sildenafil, tadalafil, vardenafil)
2. Antimicrobials (Malaria, Lariam, doxycycline)
3. Emergency hormonal contraception (Levonelle, ellaOne)
4. Salbutamol (brand and generic)
5. Hair loss (Propecia)
6. Weight loss (Orlistat, orlistat)
7. Quit smoking (Champix)
8. Oral contraceptives
9. Allergic Rhinitis (Fexofenadine 120mg)
10. Period delay (Norethisterone 5mg)

Making it a Success

Having over a decade of experience offering private services from pharmacy we know what works.

ONLINE

OFFLINE

OFFLINE

Each PGD or service has its own marketing resources section at the bottom of the page. Just click the link download and print.

Print off the Risk Assessment Forms for each service, give them to your staff to hand them to patients who may be interested in malaria advice etc.

Get a website.

If you do not represent your business online someone else will as Negative Google or NHS Choices listings. Sites start from as little as £199.

Get listed.

"Claim your business" from Google. Type in your business name into Google and if you haven't already click Claim this listing.

Future Developments

We are working hard to prepare hubnet.io user for the impending Service Based Contract, GDPR and FMD legislation.

Seasonal PGDs

Websites

Any Questions?

Seasonal PGDs

Our influenza PGD is different to other providers:

1. They are **"untethered"**, meaning you can use our PGDs in other pharmacies (as long as they have a free hubnet.io account).
2. The package contains meningitis, hepatitis B and pneumococcal vaccines. This means you can extend your service into **occupational health and travel**.
3. It works with our **online doctor system**, meaning we refer business to you via Voyagerhealth.co.uk.

Best in Class Functional Websites

We handle:

- Google, NHS Choices reviews and digitise your CPPQ survey.
- Repeat Prescriptions and EPS Nominations.
- Online doctor system bespoke to your needs
- Digital Controlled Drugs Register.
- Digital SOPs using our Team Builder so you can have HR and Clinical Governance controlled in the cloud.
